

MEMORANDUM OF UNDERSTANDING

Between
Los Alamos County
and
Los Alamos Ski Club, Inc.

Subject: Working Together to Jointly Explore Water Sources and Economic Development Opportunities

Introduction:

This Memorandum of Understanding ("MOU") sets forth certain understandings between Los Alamos County and Los Alamos Ski Club Inc.

- A. **Background:** Los Alamos Ski Club, Inc. ("LASC") is a member owned organization which owns and manages Pajarito Mountain, a ski area and four season recreational resource to the Los Alamos community. Due to the damage of two major forest fires, plus several years of drought, the Ski Club is seeking to develop and design new water source options as well as creating economic development plans for a vibrant future. Los Alamos County ("County") has water rights and manages all utility resources for Los Alamos County and therefore, it makes sense to work together on solutions to these issues.
- B. **Purpose:** The purpose of this MOU is for the parties to work together to identify and explore water sources for land within Los Alamos County in the Jemez Mountains, including land on and adjacent to Pajarito Mountain and Camp May ("Land") for the purposes of fire protection, property development and snowmaking. In addition, County intends to procure the services of a professional planner to create a long-term plan for the Land, for sustainable economic growth and the preservation and enhancement of the Land as a community and regional recreational and natural asset.
- C. **Understandings:** Both parties understand that the economic vitality of the Land has a large impact on the quality of life, and economic vitality of Los Alamos County. Therefore, the parties intend to do the following:
 - a. Work together with a professional planner on a plan designed to develop a County adopted Area Plan to guide the development, preservation and enhancement of the Land. The professional planner will be a person or firm selected through the Los Alamos County procurement process, of which LASC member(s) will be included on the selection committee and will have input with regard to the evaluation, selection, and professional planning process. Some ideas to explore with the professional planner include but are not limited to:
 - i. Land Development on and adjacent to Pajarito Mountain and Camp May
 - ii. Increased recreational activities/services to attract more visitors to Los Alamos County
 - iii. Increased events and festivals to attract more visitors to Los Alamos County
